The ACT score is one of five main factors that universities or colleges look at when they consider an application. They look at applicant s GPA, special activity, application essay, and letters of recommendations. In the Mathematics Test section, there are 60 mathematics questions in total. The total of the time length is 60 minutes. The contents of the questions on the ACT Mathematics Test are drawn from the six categories: Pre-Algebra, Algebra I, Algebra II, Plane Geometry, Coordinate Geometry, and Trigonometry. Among the 60 Mathematics Test questions, there are 42 question from algebra and 18 questions from Plane Geometry, Coordinate Geometry, and Trigonometry. The ACT tests are scheduled 6 times in September, October, December, February, April, and June each academic year. Each ACT test is always on Saturday. There is no any ACT test in July and September. The ACT online registration is available at The explanations of this book primarily use the logical steps to let users easily memorize the methods of solving questions. The essence of mathematics is logic. Human thinking naturally accepts the formula of because and therefore. Hence, using mathematically logical steps to solve questions directly is in harmony with the natural function of human brain. Furthermore, it is helpful for memorizing because what you need to remember are the...
