Createspace Independent Publishing Platform, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. This narrative is set in the Middle East shortly before the outbreak of the Six Day War. Thunder in the Negev gives in riveting detail the events that surround Israel's attempt to create a nuclear weapon to be used as a last resort to prevent the Arab nations from pushing her into the sea as they attempted to do in 1948. It follows the lives of these individuals who become swept up in an attempt to steal approximately 10 pounds of uranium from the nuclear facility at Apollo, Pennsylvania during the 1960s. The narrative also describes the involvement of the major characters in an attempt to divert to Israel some 200 tons of yellow cake, or uranium ore that was on board a freighter in the Atlantic bound for Europe. The account begins shortly after David Ben-Gurion's government orders a facility to be built at Dimona in the Negev desert, ostensibly to produce atomic energy for peaceful purposes under President Eisenhower's Atoms for Peace program. However, a larger reactor than allowed by the Eisenhower program was built there to produce plutonium for use in a nuclear weapon. The nation of Israel was not yet under the nuclear umbrella of the United States, nor was access to a pipeline for conventional weapons readily available and the Prime Minister was certain that Israel would be attacked again by a coalition of Arab nations. By the eve of the Six Day War in 1967, Israel was faced with the threat of annihilation. What could save the nation of Israel from such overwhelming odds? Simons Grebel has some advice for Moishe Dayan, the newly appointed Defense Minister, about how to...
