The Common Sense Guide to Fixing the U.S. Government

By Dan Craddock

CreateSpace Independent Publishing Platform. Paperback. Condition: New. This item is printed on demand. 282 pages. Dimensions: 9.0in. x 6.0in. x 0.6in. America is a divided nation. There is the Uber-Left, the Tea Party, the Environmentalists, the Moderates, the Right Wingers as well as a host of other groups. Divide and conquer has been the mantra. States are being sued by the Federal Government, laws are being selectively enforced, changed by executive order or not enforced at all, fraud and abuse is rampant, companies are keeping money abroad, scandals abound, and the federal courts are overriding decisions made by the voting public. This is not America and not what we expect from our elected representatives. The middle class has been carrying the burden of government inefficiency, increased regulations, rising utility costs and increasing healthcare costs. The middle class should be moving up but how can they with all the obstacles being placed in their way How do we turn this downward spiral into an upward trend How can the U. S. regain its economic prowess, put more people to work and redirect the course of America in a positive direction The media on both sides convey only part of the story in...

Reviews

Completely among the finest publication I have possibly read. It really is basic but excitement in the fifty percent from the pdf. Your lifestyle span is going to be convert when you total looking at this publication.

-- **Dr. Curt Harber**

An incredibly wonderful ebook with perfect and lucid explanations. I really could comprehended every little thing using this written e publication. It is extremely difficult to leave it before concluding, once you begin to read the book.
