

An Automobile Odyssey (Paperback)

By John Dalessio

Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. You are about to read a story of a man who started out in life with next to nothing and was able to achieve the American dream with notable success in the automobile industry. The automobile was not invented in a single day or by a single inventor. Who exactly invented the automobile is just a matter of opinion. The history of the automobile reflects a worldwide evolution that took place over 130 years. Over time cars have had an enormous impact on our society and changed the way people lived, worked and enjoyed their leisure time. Much has been written about America's love affair with the automobile. My love affair with the automobile was a lasting one. It was easy to fall in love with my first car, savoring the freedom that it would bring to my teen life. The exhilaration of traveling to distant places and discovering what life was about in my youth would be something that I will remember always. My story began when I was born the son of Italian immigrants who achieved citizenship and was...

Reviews

Undoubtedly, this is the best function by any writer. This really is for those who stante there was not a really worth reading. Its been written in an exceptionally basic way which is merely right after i finished reading through this book by which really transformed me, change the way i really believe.

-- Dr. Deonte Hammes DDS

It in just one of my personal favorite book. I was able to comprehended every little thing out of this published e publication. It is extremely difficult to leave it before concluding, once you begin to read the book.
