Excerpt from Fifteenth Biennial Report of the State Librarian of the State of Kansas: Embracing the Period From the 1st Day of July, 1904, to the 30th Day of June, 1906 The traveling libraries have been very successful in Kansas, and in all of the states where the experiment has been tried. In reading the reports of other state librarians it is found that the traveling library department is the most active one connected with the several state libraries, and this is due to the fact that it is in close touch with the people and that its benefits, educational and recreational, are extended to localities that have no other library facilities. The rules governing the use of the traveling libraries in Kansas are liberal, the design being to make it easy for patrons to obtain the books, and not to discourage their use by imposing too many restrictions. Under the Kansas plan any town, school district. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
