

## School for Citizens: Theatre and Civil Society in Imperial Russia (Hardback)

Filesize: 2.99 MB

### **Reviews**

*A brand new electronic book with a new standpoint. It is written in basic phrases rather than confusing. It has been designed in an extremely basic way which is merely right after I finished reading through this publication where it basically altered me, change the way I believe.*

Yale University Press, United States, 2006. Hardback. Book Condition: New. 234 x 162 mm. Language: English . Brand New Book. This book offers a new perspective on the history of theatre in imperial Russia, focusing on the rise and regulation of the theatre industry and on the development of the idea of theatre. Murray Frame analyzes for the first time the impact of Russia's theatre on society and politics from the end of the eighteenth century to the early twentieth century. The book highlights the roles of the state and the intelligentsia, both of which perceived theatre's powerful potential as a means of education. But while the state promoted theatre-going as an essential accoutrement of civilization and respectability, the intelligentsia saw in theater the opportunity to articulate alternative social and political ideas. The author explores the contributions of civil society and theatre culture to one another as Russian theater gained increasingly wide respect, and along the way draws lively portraits of the important actors, patrons, writers, and critics, as well as the theatres that employed and entertained them.
