

A Theory of the State

By Yoram Barzel

Cambridge University Press. Paperback. Book Condition: New. Paperback. 306 pages.

Dimensions: 8.9in. x 6.0in. x 0.8in. This book models the emergence and evolution of the rule-of-law state. The protector or ruler is assumed to be self-seeking. Individuals will install a protector only after they create institutions to control him. Organized protection engenders legal institutions that enforce rights. A state of nature then gradually turns into a rule-of-law state. Individuals employ both the state and other third parties for enforcement. The fraction of agreements that the state enforces determines its scope. Rule-of-law states encourage market transactions and standards that facilitate trade. The larger the domain of the states ultimate enforcer, the greater the advantage of scale economies to contracting. This force may explain the creation of rule-of-law empires. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.

Reviews

It is one of the best publications. It really is loaded with knowledge and wisdom. You may like the way the blogger writes this ebook.

-- Prof. Shannon Wehner PhD

This is basically the very best book we have gone through until now. I have just read it and I am confident that I am going to go back and study it once again in the future. I am just very happy to inform you that this is basically the very best ebook we have read in my own life and might be the very best publication for at any time.
