

End Feminism; Save the World (Paperback)

By Kylie Malchus

Createspace Independent Publishing Platform, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Women are weak. Women are worthless. Women have no power unless politicians or activists grant it to them, unless they can effectively steal man s role, unless they bring others down to hoist themselves up. Those are the lies the modern-day feminist movement has repeated to society, again and again, from dramatically lit stages, supported by beams entitled Pro-choice Movement, Free Birth Control, Abolition of Marriage, Money before Families, Gender Sameness, and Misandry. Our media, politicians, pop culture, and educational system stand atop these stages. What they haven t told us is that women have held power since the beginning of time. Power runs in a woman s blood, her natural, feminine virtues inherently elect to uplift, create, and, through potential to succor the human race, change billions lives for the best. The question is: will you conform to modern society s destructive expectations and crumple under feminist control or will you inspire a new movement to elevate fundamental womanhood and save the world?.
