

## Indicators for Sustainable Development of Marine Capture Fisheries

By Food and Agriculture Organization of the United Nations

Food & Agriculture Organization of the United Nations (FAO). Paperback. Book Condition: new. BRAND NEW, Indicators for Sustainable Development of Marine Capture Fisheries, Food and Agriculture Organization of the United Nations, The guidelines provide general information on the issue of sustainable development of fisheries in order to clarify why a system of indicators is needed to monitor the contribution of fisheries to sustainable development. They are complementary to the Guidelines on Fisheries Management but provide the broader perspective needed for a sectoral and holistic approach to sustainability in fisheries. All dimensions of sustainability (ecological, economic, social and institutional) are considered as well as the key aspects of the socio-economic environment in which fisheries operate.
