THE FUTURE IS IN YOUR HANDS: PALM READING MADE EASY (PAPERBACK)

Nixon-Carre Ltd., Canada, 2009. Paperback. Condition: New. REV and Updated ed.. Language: English . Brand New Book ***** Print on Demand *****.A face might wear a mask, but hands don't lie! Future events and past influences are all marked out on our hands, there for anyone with the knowledge to see. This book teaches how to predict the future and understand yourself and others through studying the lines on the palm of the hand and studying the shape of the hand and fingers. Originally published in 1916, the author's research formed the basis for much of what is known about Palmistry today. The original work has been revised and updated to make it easier for modern day readers to understand. In this book you will discover: How something as simple as a handshake can reveal so much about a person. How to understand yourself and make the most of your natural inborn talents. How to quickly size up anyone you are dealing with without asking any questions or violating any laws. How to predict the success or failure of a relationship. These things and so much more. But does it really work? It sure does, it is uncanny! No one really knows how or why it works, but it definitely does. But don't take our word for it, give it a try for yourself, and you will be astonished at how amazingly accurate it can be. This book will show you everything you need to know to get started doing palm reading immediately.
