ACLS Humanities E-Book. Paperback. Condition: New. 256 pages. Dimensions: 9.1in. x 6.1in. x 1.2in. Shadow of the Plantation focuses on descendants of slaves in one rural Southern community in the early part of this century. In the process, Johnson reviews the troubled history of race relations in the United States. When reread half a century after it was first written, Shadow of the Plantation is clearly revealed as a remarkably perceptive and fresh comment on race relations and the triumph of individuals over circumstances. Charles Johnson's book is significant for its use of multiple methodologies. The research took place in an ecological setting that was a dynamic element of the life of the community. The book is a multifaceted, interpretive survey of the 612 black families that composed the rural community of Macon County, Alabama, in the late 1920s and early 1930s. Johnson describes and analyzes their families, economic situation, education, religious activities, recreational life, and health practices. Shadow of the Plantation manages to be both historically accurate and foresighted at the same time. It is as much a book about today as it is a discussion of yesterday. This volume is an important study that will be of value to sociologists, anthropologists, and black studies specialists. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
