College is about way more than just frats and finals: Its also a time when students can learn new skills, encounter different cultures, test out potential careers, and take a stab at something new just because it sounds cool. And in order to leave college a better, smarter, and more interesting person than you were when you started out, all you need is an open mind, a willing spirit, and (of course) this book! The 77 entries included here cover everything from negotiating the terms of an apartment rental to attending a school-sponsored lecture event to hosting a movie marathon and supplemental sidebars provide bonus tips for doing everything cheaply and well. (Oh, but remember: The most important thing to do? Graduate!).
