Many know what it is to be saved, to become a Christian, but living a saved or Christian life can be quite another matter, especially when things don t turn out as we expect them to be. In this book the writer takes us through the book of James, a book addressed to a people who had retreated and cooled off in their faith because of varying temptations and trials - things hadn t turned out as they had expected. This is no book of straw as Martin Luther the Reformer claimed but a book with a vital and powerful message for all God s people down through the centuries and needed as much today - it is a message of steel. Covering a range of human experience - trials and temptations, partiality, faith and works, the tongue, anger and more - James turns out to be a lovingly challenging book that gets under our skin and roots out the problem and drives us to the answer.
