Brand New Book ***** Print on Demand *****.James Holden is blessed with the skills and ambition that have taken him to the very top of his profession. Being selected to lead a manned mission to Mars, he embarks on a series of capsule descent tests over the Pacific Ocean. Before leaving for his final test flight, his wife Suzanne, having deep concerns about the mission, gives him a crystal to take with him. She explains that the crystal was given to her by an elderly Shaman from Sedona and is said to hold everything that is! So, his mission begins - a journey that will test both his sanity and resolve. A voyage of mystery, intrigue, alienation and rebirth. One that becomes a sacred inner quest, weaving the wisdom of the ancients with the discoveries of today's quantum science. A journey that questions his own rigid beliefs, as he tries to fathom the bizarre reality that surrounds him. Trapped like a fugitive and longing to return home, will his salvation be through his unwavering belief in modern science, or will he be forced to look beyond, towards a world of mystery, uncertainty and inner wisdom. A visionary fiction sci-fi adventure that touches the soul of the heavens and questions our own perceptions of reality. A metaphysical modern day parable with the power to inspire and transform!.
