For many thousands of years successive waves of invaders each brought their own gods goddesses with them, often assimilating the beliefs of the tribes they conquered. The Celtic races merged with the indigenous people, they were conquered by the Romans, who brought with them deities from all over the Roman Empire (including Greece Egypt). After them came the Saxons other Germanic tribes, further adding to the rich tapestry that forms part of our spiritual heritage today. The Isles of the Many Gods brings together, for the first time, information on the worship of these deities in Britain, in an easy to use A-Z. It includes both the native immigrant gods goddesses, from well known gods like Apollo, Brigit, Freya, Herne, Isis, Mars Woden to lesser known ones like Abandinus, Arianrhod, Genii Cucullati, Midir, Vitiris the Wheel God. There are more than 240 entries providing information regarding the evidence of their worship in England, Wales, Scotland, Ireland the Isle of Man. Drawing from archaeology, architecture, art, artefacts, currency, place-names literature thereby providing an excellent reference work for those interested in the spiritual beliefs of our ancestors. About the Authors Sorita D Este and David Rankine are internationally recognized for their research and writing on mythology, spirituality and magickal practices of both ancient and modern times. They have collaborated on a number of projects in the past, including The Guises of the Morrigan and Circle of Fire. Between them...
