DESCRIPTIONS AND PRESCRIPTIONS: A BIBLICAL PERSPECTIVE ON PSYCHIATRIC DIAGNOSES AND MEDICATIONS

New Growth Press. Paperback. Condition: New. 112 pages. OCD, ADHD, PTSD, Bipolar Disorder . . . these are not just diagnoses from the DSM; they are part of our everyday vocabulary and understanding of people. As Christians, how should we think about psychiatric diagnoses and their associated treatments? We can't afford to isolate ourselves and simply dismiss these categories as unbiblical. Nor can we afford to accept the entire secular psychiatric diagnostic and treatment enterprise at face value as though Scripture is irrelevant for these complex struggles. Instead, we need a balanced, biblically (and scientifically!) informed approach that is neither too warmly embracing nor too coldly dismissive of psychiatric labels and the psychiatric medications that are often prescribed. Biblical counselor and retired physician, Michael R. Emler, gives readers a helpful way forward on these important issues as he guides lay and professional helpers in the church through the thicket of mental health diagnoses and treatments in a clear, thoughtful primer in which the Bible informs our understanding of psychiatric diagnoses and the medications that are often recommended based on those labels. This first book in the Helping the Helper series will give readers biblical, gospel-formed categories that will help them understand and minister to those who are struggling with mental health issues. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
