

## Work and Pay in the United States and Japan (Hardback)

Filesize: 8.83 MB

### **Reviews**

*A very amazing publication with perfect and lucid information. We have read through and that i am certain that i will planning to study once more yet again in the future. You will not really feel monotony at anytime of the time (that's what catalogues are for about should you question me).*

## WORK AND PAY IN THE UNITED STATES AND JAPAN (HARDBACK)

[DOWNLOAD](#)

Oxford University Press Inc, United States, 1997. Hardback. Condition: New. New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. In *Work and Pay in the United States and Japan*, authors Clair Brown, Yoshifumi Nakata, Michael Reich, and Lloyd Ulman provide an integrated and detailed analysis of the components of firm human resources systems in the US and Japan. Drawing on data obtained from fieldwork in comparable establishments in these two countries, as well as from national sources, this work examines the relationship between company practices and national economic institutions. The authors address a number of key questions about employer-employee relations. How have major Japanese manufacturing companies been able to convert the assurance of lifetime employment security into a source of superior employee efficiency and adaptability, when job and income security have been feared as a source of shirking and wage inflation in the US? How have higher economic and real wage growth rates been associated with greater equality in earned income distribution in Japan, when the incentive role of income inequality to worker effort and savings has been stressed in the US? How could Japanese emphasis on employment security in the firm be reconciled with greater price stability and lower unemployment than in the US? This work analyses elements such as employee training and involvement programs, wage behavior as an incentive system and an alternate channel of savings, and synchronous wage determination (shunto) at work in the Japanese economy that provide for such successes. The book also explores the costs that have been associated with these Japanese accomplishments, as well as who must bear them. In particular, it examines how Japanese women compare less favorably with American women in terms of opportunities for work, pay, and promotion; the higher hours of working time for men in Japan...
