The Universe Is a Dream: The Secrets of Existence Revealed (Paperback)

By Alexander Marchand

Inspired Arts Press, 2010. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Have you ever contemplated the cause of the universe beyond simply attributing it to God or The Big Bang? If so, in that causal contemplation, have you ever entertained the idea that the universe is but a dream? Which is to say, have you ever considered that the cause of the universe is that you dreamt it up? At first glance, the idea that you dreamt up the universe perhaps seems implausible. However, what if you really took that idea seriously and followed it to its logical conclusion? What would you discover? Well, this book answers that question. Using the unique form of a graphic novel, artist and writer Alexander Marchand takes you on an artistic, humorous, irreverent, and extremely informative romp through the advanced, nondualistic metaphysics of the contemporary spiritual document known as A Course in Miracles. In the end, you'll not only have a coherent picture of the true nature of the universe and existence, but you'll also have essential, practical knowledge of what you'll need to do to if you are ready to wake up.
