Pen Sword Books Ltd, United Kingdom, 2009. Hardback. Condition: New. Language: English . Brand New Book. Susan Brewer, the renowned doll expert and author of *British Dolls of the 1950s* guides us through the exciting decade of the 1960s which saw dolls bedecked in fashionable clothes by top designers, including Sally Tuffin who created the clothes for *Sindy* and has written the foreword for this book. The book starts with a history of dolls, showing how they have progressed over time from the Seventeenth Century when they became fashionable, through different materials including wood, wax and composite, to the heady days of the 1960s when the first rock and roll dolls were created, a time when Beatlemania was turned into highly collectable dolls, including the strange-looking squeeze doll by Rosebud (see back cover), Remco's noddies and Pelham's marionettes. Susan sets the dolls in the context of their day from the fashionable clothes and looks of the teen dolls to the influence of top models including Twiggy, major films and television series such as *The Avengers*, *Thunderbirds* and *Dr Kildare*. She reveals which dolls are worth collecting and why, discussing the most important dolls and manufacturers of the 1960s, such as those made by Pedigree, Chiltem Palitoy, Roddy, Rosebud, Amanda Jane and Faerie Glen. In addition to focusing on the main and smaller British doll manufacturers, Susan also addresses American dolls which were made or marketed by American companies at British factories to take advantage of the huge demand for their products, including Barbie (seen as too vulgar for the British market), Flatsy, Thumbelina and Giggles. As well as advice on what to collect, Susan gives tips on the care and cleaning of 1960s dolls, including how spot cream can offer a miracle cure for stained dolls! There is also a useful directory...
