Dover Publications Inc., United States, 2015. Paperback. Book Condition: New. 198 x 124 mm. Language: English . Brand New Book. In addition to drawing attention to these overlooked female sci-fi authors, The Feminine Future is valuable for the perspective it provides on a period of transition for the genre. Los Angeles Review of Books Featuring hard-to-find short stories published between 1873 and 1930, this original anthology spotlights a variety of important sci-fi pioneers, including Ethel Watts Mumford, Edith Nesbit, and Clare Winger Harris. Imaginative scenarios include a feminist society in another dimension, the east/west division of the United States with men and women on opposite sides, a man who converts himself into a cyborg, a drug that confers superhuman qualities, and many other curious situations. Editor Mike Ashley provides an informative introduction to the stories. Highlights include *When Time Turned* (1901), which centers on a grieving widower who contrives to relive his life backwards; *The Painter of Dead Women* (1910), the tale of a woman in thrall to a Svengali-like character who promises to preserve her beauty forever; *The Automaton Ear* (1876), in which an inventor struggles to create a machine to detect sounds from the distant past; *Ely s Automatic Housemaid* (1899), a lighthearted fable concerning a robot housemaid; and ten other captivating tales.
