FROM REPUBLIC TO DEMOCRACY: VOL. 2, APPLIED ECONOMICS FOR DIRECT DEMOCRACY**DOWNLOAD**

Createspace, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.A better world is possible, even facing so many challenges. Financial and patrimonial capitalism is out of control and condemning the Planet. Communism in fact never existed and state socialism proved to be a contradiction. The time is up for popular intervention in economic policies. In a republic, the transition is given by free individual and collective actions towards a participatory economy in a direct democracy. On time, it s already happening. Be the change and share the power. Liberty and socioeconomic balance with abundance and peace are actually feasible with everybody participating. This book may assist individual and collective efforts in the actual transition. Open information flows and existing technology enable citizens to decide together their own destiny. In the end, people s actions will define the results. If this book wasn t a continuation of the one that dealt with the political system, therefore, would be titled, alternatively, as short as self-explanatory: Participatory Economics. Regardless any academic dispute between the nomenclatures political economy and economics only to classify the same discipline, we better to call it directly as a participatory economic system - without any jargon or appeals. An economic structure that everybody already has an intuitive knowledge, thus, is easy for everyone to apply. If it would be conducted by a sufficient number of people, then any kind of political struggle would be needed to achieve socioeconomic balance with equity, transparency and accountability. However, as different people think and act differently, the book that gave rise to the present has its specific function and, together or separately, can be a hand for solutions conducted by individuals and/or groups. the concepts in the scope of this...
