Reviews

Certainly, this is the greatest work by any author. It can be written in easy words and phrases rather than confusing. I am just happy to let you know that this is actually the greatest ebook we have studied inside my individual daily life and may be the greatest ebook for at any time.

Createspace Independent Publishing Platform, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.This is the first novel in the popular Aikido Mystery Series. We meet Aikido Sensei Parker who is struggling to make ends meet now that the economy has tanked. He knows he's only a payday from disaster so he asks his old boss, (Fat) Albert Diamond to rehire him as a private investigator. Sure, he says. Why not? and the chase is on. Why? Because Parker won't wear a gun. He hates them, and that makes him very popular with the crazy celebrities that make movies about shooting 50 or 100 bad guys, but who personally feel that guns are bad. They're willing to pay double time to have Parker be their bodyguard. Parker goes on assignment to protect Thadenzuela, a pair of Hollywood stars who are remaking the old martial art classic ABOVE THE FRAY. There have been threats and warnings not to do it, but they are determined. It doesn't take long for the guns to start blazing and the mystery to envelope the entire movie set. Parker meets his new partner and can't believe his eyes. Just go with it, says Fat Albert, He's a goofball, but he's a stone cold killer. Parker doesn't believe him until the odd character pulls out the biggest gun that Parker has ever seen and begins blasting. The mystery unfolds from coast to coast until Parker finally has to put himself on the line and the battle of the Aikido century begins.
