This book is a collection of such memories, each reflecting the emotions and physical stimuli that accompany that moment in life. Each of us is the receptor and participant in that incident forever recorded in our store of significant moments in our lives; most are shared scenarios, but many are private, some secret, memories to be cherished or avoided in our daily routine. Reviews

Basically no phrases to clarify. It really is written in straightforward phrases rather than hard to understand. You will not sense monotony at any moment of your own time (that's what catalogues are for concerning if you ask me).
