By Giuseppe Mazziotti

Centre for European Policy Studies, Belgium, 2014. Paperback. Condition: New. Language: English . Brand New Book. Inside the EU, modernizing its copyright framework for the Internet age is considered a key step toward a Digital Single Market in the creative content sectors. To explore the most suitable and realistic policy options to achieve this objective, the CEPS formed a task force to foster a multistakeholder dialogue on the major challenges for copyright law in the online content sector today. Drawing on those discussions, this report contains the conclusions and policy recommendations organized around three main themes: Licensing rules and practices in the online music and film sectors The definition and implementation of copyright exceptions in the digital environment The present and future of online copyright enforcement in Europe.
