PERSONALITY DISORDERS: TOWARD THEORETICAL AND EMPIRICAL INTEGRATION IN DIAGNOSIS AND ASSESSMENT (HARDBACK)

American Psychological Association, United States, 2015. Hardback Condition: New. Language: English . Brand New Book What are personality disorders? How should they be conceptualized, and how should they be assessed and diagnosed in clinical practice? For over a century these questions have been at the heart of psychological science. Yet even today, as the recent controversy over proposed changes to the classification of PDs in DSM-5 attests, there is hardly consensus on the answers. This ground breaking text offers a comprehensive...

Reviews

Absolutely essential study publication. It usually fails to expense an excessive amount of. Your lifestyle period will probably be transform when you full looking at this publication.

-- **Ms. Allene Conroy**

Extensive information! Its this type of excellent study. I have read and i am sure that i will go nna go through yet again once more down the road. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- **Aliyah Mayer**

This is basically the very best book we have go through until now. I have got read and i also am confident that i am going to go nna study once again again in the future. I am just very happy to inform you that this is basically the very best ebook we have read inside my own life and might be he very best publication for at any time.
