MOTHERING, FATHERING: THE CONSCIOUS, HEART-CENTERED WAY (PAPERBACK)

Createspace, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Mothering, Fathering: the Conscious, Heart-Centered Way is a hands-on inspirational textbook that demonstrates how to interact with our children while acknowledging their soul and Spirit. It is the first book to synthesize (without dogma) the necessary structure, integrity and Spirit in the rearing of a soul. Many people speak of the shift in Consciousness that human beings are experiencing and that we are currently moving towards a greater sense of justice and compassion with a world view that encompasses seeing all as brothers and sisters sharing this planet. We owe it to the highly sensitive children being born into this world to be the best role models we can for achieving more than just tolerance for others, but seeing them as an extension of oneself. Mothering, Fathering, The Conscious, Heart-Centered Way, is an effective, loving and inspiring way to teach that modeling.
