At the eastern end a gilded framework supports the platform from which Louis showed the sacred relic to the devout. At one side a tiny window cut slanting in the thickness of the wall is the only opening from the chapel into a private room built on the outside by Louis XI who feared assassination if he should attend mass openly. The introduction of ogival architecture had a sudden and revolutionary effect upon the art of painting. Before the 12th century mural decorations and the illumination of manuscripts had been the only instances in France. When the broad expanses of wall above the semi-circular Romanesque arches vanished with the coming of the pointed arch there was no place left for pictures except the windows. Glass then became the artists medium. Louis IXs conscientiousness as a sovereign which made him center power in himself because...
