Very useful to any or all group of men and women. It is written in basic words instead of difficult to understand. I realized this ebook from my i and dad recommended this publication to understand.

Woe is me! he cried at last, his sorrow getting the better of his usual calmness. I have picked up the great capital and moved it from the South to Peking and have built here a mighty city. I have surrounded my city with a wall, even thicker and greater than the famous wall of China. I have constructed in this city scores of temples and palaces. I have had the wise men and scholars compile a great book of wisdom, made up of 23, 000 volumes, the largest and most wonderful collection of learning ever gathered together by the hands of men. I have built watch-towers, bridges, and giant monuments, and now, alas! as I approach the end of my days as ruler of the Middle Kingdom there is nothing more to be done for my people. Better far that I should even now close my tired eyes for ever and mount up on high to be the guest of the dragon, than live on in idleness, giving to my children an example of uselessness and sloth. This item ships from La Vergne, TN. Paperback.
