"In chemistry, the importance of being a teacher's assistant cannot be overstated. The role is a vital part of the success of any education program. In order to be a successful teaching assistant in chemistry, preparation is the key. Knowledge of the text, problem sets, and laboratory assignments are essential to present the proper information to students. This manual for Chemistry: Molecules, Matter, and Change, Fourth Edition by Loretta Jones and Peter W. Atkins has been designed to serve as a guide to your first experience as a teaching assistant, as well as a resource for future teaching assignments. By aiding in your preparations of lessons and lab discussions, it will help you and your students gain the most from the information contained in the original text." Size: 4to - over 9¾" - 12" tall.
