Rich yet accessible descriptions of the most important and profound works abound, as guidance through the hidden gems and old town districts spur the reader to a strong comprehension. The book has been crafted as a companion to a more general city guide, to be read as you tour and take in the greatest structures and edifices which Ghent offers in quantity. The beautiful old town of the city centre, and the astounding ecclesiastical wonder of St. Bavos Cathedral are both described in detail, with the stolid and ancient St. Michaels Bridge also featuring. By reading this illustrated book composed by lecturer of art and heritage architecture Maxime Jensens, you will imbue your journey with enlightenment it may otherwise have lacked.
