WE LIVE FOREVER

New Generation Publishing, United States, 2008. Paperback. Book Condition: New. 224 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Reading We Live Forever is like watching the trees grow green in springtime. It lifts the spirit, and it lifts our awareness of the world beyond the senses. These case histories, many of which have made headlines, are discussed with care and compassion by two well-known and gifted clairvoyants/healers. Despite the seriousness of their work, covering a vast range of clients from princesses to police inspectors, gangland figures and four-footed friends, their story is refreshingly and compellingly told in a memoir full of unforced self-awareness and gentle humour. It is also a very practical and, in Anne's words, down to earth book. Perhaps we have Peter's love of classic cars and their internal mysteries to thank for that, together with his excellent routine for curing back problems. In any event - paranormal or otherwise - their achievements are little short of miraculous. Long may they continue, and allow us to continue learning from them. Originally completing his studies as a design engineer, Peter Valentine has a deep love of flying, owning his own aircraft with Anne. He developed a keen interest in reincarnation and the study of former lives at a relatively early age, and now works closely with Anne in these and associated fields.
