TIMOTHY CRACK, 2017. Paperback. Condition: New. 3rd ed.. Language: English . Brand New Book ***** Print on Demand *****.Why buy notes from a fellow student who met the material for the first time last year? This inexpensive book contains notes written by an award-winning professor who taught the material for 25 years! This pocket-sized book is aimed at students in their first finance class at the undergraduate, MBA, or executive education level. The class is usually called Business Finance or Financial Management. (A list of topics covered appears below.) The author's goals are to help you master the material and to lift your grades. He approaches these goals from two different angles. First, he uses 25 years of experience teaching this material to explain carefully the stumbling blocks that have consistently tripped up students year after year. Addressing these common sources of confusion gives every student every opportunity to master the material. Second, he presents safe strategies he has developed to help you solve numerical problems in finance. Although these strategies take only an extra minute to implement, they frame each numerical problem so as to increase the likelihood that you detect and fix any errors, while reducing the likelihood that you make any errors in the first place. These techniques also increase the likelihood that you earn partial credit. Note that because the author focuses on stumbling blocks, he necessarily skips over some simpler material that does not usually cause problems. As such, he does not cover the fine detail of every topic in the class. Similarly, he gives only enough worked examples to explain concepts and techniques. Different students have different needs. For example, you might have no real interest in finance, but you need to pass the class to get your degree. Alternatively, you might be...
