

## My First Airplane Trip: Solve Problems Involving Measurement (Paperback)

---

By Amelia Erickson

Rosen Classroom, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book. Working with data is a foundational concept not only for mathematics, but for also understanding the world around us. Readers will gain exposure to principles of measurement, such as perimeter and area, and will also learn how to apply them to math operations. Engaging visuals help make math not only concrete, but also fun. A relatable narrator takes readers along on a plane trip, while also learning how to tell and write time. This volume meets CCSS Math Standard 3.MD.A.1.

### Reviews

*This book is so gripping and fascinating. Of course, it is actually perform, still an interesting and amazing literature. You will not feel monotony at anytime of your respective time (that's what catalogs are for about in the event you request me).*

*-- Prof. Ophelia Wiegand I*

*Complete guide! Its such a great study. I am quite late in start reading this one, but better then never. It is extremely difficult to leave it before concluding, once you begin to read the book.*

*-- Dr. Hermann Marvin PhD*
