

Protecting and Promoting the Health of NFL Players: Legal and Ethical Analysis and Recommendations (Paperback)

By Christopher R Deubert, Professor of Law | Glenn Cohen, Executive Director Holly Fernandez Lynch

Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.This comprehensive report, published as part of the Football Players Health Study at Harvard University, more than two years in the making and 493 pages long, is an unprecedented step towards improving player health, concluding with several important recommendations. To date, there has been no analysis of the universe of stakeholders that may influence the health of NFL players, nor any systematic analysis of their existing or appropriate legal and/or ethical obligations. While clinical health care interventions are essential, player health also depends on understanding the wider context in which players work. The report examines 20 diverse stakeholders: NFL players, the NFL, the NFLPA, NFL club medical staff, second opinion, neutral and personal doctors, NFL clubs and personnel, NFL coaches, contract advisors, financial advisors, equipment managers and manufacturers, players family members, officials, the media, NFL business partners, and fans. In total, the report makes 76 recommendations. Highlights of the key proposals are summarized below: Conflicts of interest: The current arrangement under which a team s medical staff, including doctors and athletic trainers, have responsibility both to the players and to...
