Sometimes feeling as if you are the only person in the entire world who is encountering problems makes it even worse, you may feel as if you have no one and nowhere to turn, or that you have no choice but to simply leave everything and hope that it will somehow get better on its own. Marital problems will not miraculously vanish by themselves, but you are not alone, and your situation is not hopeless! People everywhere have problems, some exactly like the ones you are facing. Many people, however, have no idea as to what to do. They make the mistake of asking for or accepting advice from well-meaning friends or family members who are not qualified or experienced to assist in finding solutions; or they read piles of popular books, most of which only make matters worse; or they may go into counseling for what seems to be a minor problem, and get no practical help or results. Some people believe they have no choice but to suffer and allow their marriage to fall apart. You can get practical help and advice, in normal easy-to-understand love languages, and learn how to put this advice into constructive action! After reading this book, you will have a better story to share.
