TAKE YOUR WINGS AND FLY (PAPERBACK)

Imagine what it would be like to live having almost no control over your body. What would such a disability do to your goals and dreams? Denise Horn was born with cerebral palsy and can only move her head and one arm. By overcoming one obstacle after another, she has developed an approach to life that has allowed her to conquer challenges others in her circumstances wouldn't even consider taking on. Follow her story from a dangerous birth, through a severely limited childhood expanded by new special education laws, to conquering the adult milestones of college, career and marriage that many thought she could never do. For anyone who is losing hope or feeling defeated about a challenge in life, Denise's story will inspire action and ignite a spark of determination. Denise also has a special message for parents of disabled children. She inspires her readers to take their own wings and fly.
