

Network Security For Dummies

By Chey Cobb

John Wiley & Sons Inc. Paperback. Book Condition: new. BRAND NEW, Network Security For Dummies, Chey Cobb, CNN is reporting that a vicious new virus is wreaking havoc on the world's computer networks. Somebody's hacked one of your favorite Web sites and stolen thousands of credit card numbers. The FBI just released a new report on computer crime that's got you shaking in your boots. The experts will tell you that keeping your network safe from the cyber-wolves howling after your assets is complicated, expensive, and best left to them. But the truth is, anybody with a working knowledge of networks and computers can do just about everything necessary to defend their network against most security threats. Network Security For Dummies arms you with quick, easy, low-cost solutions to all your network security concerns. Whether your network consists of one computer with a high-speed Internet connection or hundreds of workstations distributed across dozens of locations, you'll find what you need to confidently: * Identify your network's security weaknesses* Install an intrusion detection system* Use simple, economical techniques to secure your data* Defend against viruses* Keep hackers at bay* Plug security holes in individual applications* Build a secure network from scratch Leading...
