Third Avenue Books, United States, 2010. Paperback. Condition: New. Language: English . Brand New Book. Asthma and allergies are at epidemic proportions. It doesn't have to be that way. Two experienced pediatric allergists tell everything a conscientious parent needs to know about these conditions, the best in approved treatments, behavioral changes that can help control them, what families can do to reduce the toll that even severe asthma and allergies take on their lives, the myths and realities of alternative treatments and food allergies, skin allergies, advice for support groups, lists, checklists, and much, much more. Fun and entertaining, almost every page is enlivened by anecdotes from the authors' decades of practice showing the special rapport that have made them so successful in getting results and keeping patients out of emergency rooms. They make common cause with overworked pediatricians, general practitioners, and other primary care physicians who, because of the way our health care system is organized, are doing more asthma and allergy treatment than ever before. But wait! There's still more! Asthma Allergies Children, the book, is half of a new approach to providing specialty asthma and allergy care. It is being published simultaneously with the launch of the new town square where parents and primary care physicians can pick the brains of specialists about their own children or patients. The website has mailbags for parents and doctors, pollen counts, news coverage, review of the latest developments in allergy science, Tip of the Week for controlling disease and discomfort, and guest editorials by the most important thinkers in the field. The authors say that they and their colleagues recognize must do more to leverage their knowledge. The ranks of Allergy specialists are dwindling even as the numbers of asthmatic and allergic patients are rising. The cost is...
