Ulysses Press, United States, 2005. Paperback. Condition: New. Language: English . Brand New Book. Love them or hate them, those ubiquitous high-tech inventions, from cell phones to the Internet, have radically changed the way people communicate in business, in life, and in love. But Regina Lynn doesn't fear technology; she passionately and lovingly embraces it. The Sexual Revolution 2.0 is her personal road map for navigating the new sex/tech revolution. Offering an accessible, practical guide to the 21st-century mating dance, Lynn examines how technology has reinvented people's day-to-day romantic lives. With honesty and humor, she helps readers better understand the new world of e-personals, cybersex, online infidelity, and on-demand porn. Nothing is too private for Lynn to address, whether it's admitting how her own online encounters helped her overcome real-life inhibitions, or chronicling her experiences with Internet-powered sex toys.
