

## Markets and the Environment, Second Edition (Paperback)

By Sheila M. Olmstead, Nathaniel Keohane

Island Press, United States, 2007. Paperback. Condition: New. Second. Language: English . Brand New Book. Markets and the Environment is a concise yet comprehensive introduction to a topic of central importance in understanding a wide range of environmental issues and policy approaches. It offers a clear overview of the fundamentals of environmental economics that will enable students and professionals to quickly grasp important concepts and to apply those concepts to real-world environmental problems. In addition, the book integrates normative, policy, and institutional issues at a principles level. The chapters examine: the benefits and costs of environmental protection; markets and market failure; natural resources as capital assets; and, sustainability and economic development. Markets and the Environment is the second volume in the Foundations of Contemporary Environmental Studies Series , edited by James Gustave Speth. The series presents concise guides to essential subjects in the environmental curriculum, incorporating a problem-based approach to teaching and learning.

### Reviews

*A high quality ebook as well as the typeface employed was exciting to read. It is actually loaded with wisdom and knowledge You wont sense monotony at at any moment of the time (that's what catalogues are for concerning when you request me).*

-- **Declan Wiegand**

*Very useful to all category of men and women. I actually have study and i also am certain that i am going to going to read through again once more down the road. Its been written in an exceptionally simple way and is particularly only soon after i finished reading this publication by which basically altered me, modify the way in my opinion.*
