Product Description: To those with the courage and ability to survive, the maze pays equal tribute in its fabulous mysteries and treasures from countless civilizations. Now the Dagonites plot to keep these riches for themselves. Boinger the halfling and his companions must discover the Dagonite stronghold, challenge their warriors and wizards, rescue a friend, preserve the waterways of Amazonia, and maybe even save the world. Inspired by Dungeons & Dragons and written by Dr. John Eric Holmes who was the editor of the basic set blue book which is generally referred to as the "Holmes Basic" and is widely considered to be the best set of rules for introducing a new player to the original D&D rules. By his own words, Mr. Holmes stated that he was rather upset after reading the original small books from the first box set and he still had no idea how to play the game. Because of this he spoke with Gary Gygax and offered to rewrite the rules into a form that would be good for beginners and Gary readily agreed.
