John Wiley Sons Inc, United States, 2017. Paperback. Condition: New. Workbook. Language: English . Brand New Book. Successfully implement a blended learning program with this step-by-step guide! The Blended Workbook: Learning to Design the Schools of Our Future is the practical companion to Blended: Using Disruptive Innovation to Improve Schools. Through real-world implementation exercises it will help you get the most out of the text. From understanding the basics of blended learning to fine-tuning your current program, this workbook gives you hands-on practice that will expand your knowledge base and help you develop a plan for your own classroom or school to create a student-centered education design that personalizes for all students. Key points drawn from over 50 case studies illustrate what works, what doesn't, and how to build a successful blended-learning program. This workbook's organizational structure allows you to jump in at any point to access field-tested exercises that will deepen your understanding of the design process. Blended learning is inspiring K-12 educators with an improved student experience that includes the best of face-to-face and online learning formats to personalize learning and deepen engagement. This workbook provides hands-on training exercises that help you design and implement an effective program with practical guidance from the experts. You will: Examine case studies that illustrate blended learning; Solidify your understanding of effective blended-learning design; Complete illustrative exercises to further your implementation expertise; Evaluate the many paths blended learning can take, and implement what works best for your students. Blended learning is a proven, highly rewarding learning strategy. However, the success of your program relies on proper design and implementation. As a companion to Blended this hands-on workbook helps you reap the benefits and strengthen your expertise.
