This is the second set of notes on the philosophy of existentialism (Please see the original notes: Remarks On Existentialism: Boredom, Anxiety and Freedom.) In this set of remarks i discuss The Will to Conform, the indoctrination of society through education and the system of love. Furthermore I make reference to labels and interpretation in more detail. Both this set of remarks and my previous remarks serve as a guide to obtain your existential freedom. The philosophy is founded on that of Scottish Psychiatrist RD Laing.
