Much of what I have written in this book is grounded in my own growth, healing process and quest to become a more effective and successful leader in my personal and my professional lives. My thoughts and my words are delivered from the crevices of my soul, birthed from the core of my existence, developed by my belief in the power of prayer and emerged from the strength of believing in who I am and what I do. The inspirational quotes in this book are designed to empower you to think about your life differently and to help you make choices that will lead you towards emotional prosperity because you deserve to be happy. Remember, although you may not be where you want to be, you don't have to be where you used to be either. This item ships from multiple locations.
