Religion Spirituality - The Names of Angels addresses the many questions people have about angelic beings; what are their names, their nature, their role in God s divine plan? It is a compendium of knowledge that people can use to get a better understanding of the subject and increase their knowledge of God s Word. Through church history, the discussion of angels has sometimes become intense and many myths have surfaced. Now you can truly discover the truth about angels. It is not a book on spiritualism and in fact it is a book of spirituality vs religion. It delineates what are the differences in religions and speaks about religion spirituality.
