Hodder/Hachette, 2010. Softcover. Condition: New. There`s a reason why Stephen King is one of the best selling writers in the world ever.He knows how to write stories that suck you in and are impossible to put down. The New York Times describes it as a `relentless tidal pull` and Stephen King has done it time and time again with stories like The Shawshank Redemption, Misery, The Green Mile and The Stand.In Under the Dome, he has produced another riveting masterpiece. The end of every chapter hooks you into the next, drawing you inside a psychological drama that is so rich, you don`t read it, you live it.It is the story of the small town of Chester`s Mill, Maine which is inexplicably and suddenly sealed off from the rest of the world by an invisible force field. No one can get in and no one can get out.The normal rules of society are suddenly changed and when food, electricity and water run short, the community begins to crumble. As a new and more sinister social order develops, Dale Barbara, Iraq veteran, teams up with a handful of intrepid citizens to fight against the corruption that is sweeping through the town and to try to discover the source of the Dome before it is too late . . .
