Reviews

It is one of the most popular books. I am quite late in starting to read this one, but better than never. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Createspace Independent Publishing Platform, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.A book of inspiration, motivation and the plain truth in the property, construction, architecture, development and real estate industries. In this light-hearted dose of satire and trusim, Crosby unearths illuminating proverbs from real estate s billionaire club and revealing maxims from industry stalwarts. Drawing on a life persevering in property, he even attempts his own literary imagery. This book is coffee table fodder for every business in the real estate and building industry. If you sell, market, invest, develop, fund, build, manage, engineer, design or simply love architecture and reading about lavish lifestyles, falls from grace and theories of leadership then this book has words for you (literally!). Quotes to inspire and learn from. Metaphors to make you think twice. All with the power to hit home harder than a two ton wrecking ball ! And they say it s as safe as houses. For those wanting more this is a book of primarily quotes, interesting factoids and opinions. Evenso for those in real estate and development this book is a must read.
