By Thomas F. Nagy

American Psychological Association (APA). Paperback. Condition: New. 272 pages. Dimensions: 9.9in. x 6.9in. x 0.6in. Finally, it shows how these key concepts apply to specific psychologist roles, including assessment, treatment, research and publication, and teaching and supervision. Numerous case studies show how ethical concepts are applied, and a supplemental web site provides discussion questions, a reading list, and extensive other materials to enhance the reader's learning. This book is essential reading for psychology students in high school,...
