CreateSpace Independent Publishing Platform. Paperback. Condition: New. This item is printed on demand. 32 pages. Dimensions: 9.0in. x 6.0in. x 0.1in. From the Introduction: One inspired afternoon, I decided to set down a list of the things that seemed most meaningful to me, running from the least to the most advanced concepts. None of this was rocket science. But it did require an eye for the extraordinary. The result was this book. . . This text, which is large-print like a childrens book, introduces a variety of sometimes surprising phrases which summarize the concept of lifes significance, with insight into what gives the concept meaning. The short (32-page) format gives ample room for lazy reading and profound thought. Make notes in the margins if you want to! This is a summation of lifes significance from a prolific author, with an eye towards future continuities. This item ships from La Vergne, TN. Paperback.
