## RISK, ENVIRONMENT AND SOCIETY: Ongoing Debates, Current Issues and Future Prospects (Paperback)

By Piet Strydom

OPEN UNIVERSITY PRESS, United Kingdom, 2002. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Risk, Environment and Society is an inventive and core text within the framework of risk studies, and should be read first by any scholar interested in that field. If you are a newcomer in that field, this is the book to begin with, because it is clear and extensive. . Among recent books, I can t think of a more useful scholarly achievement in risk studies, making Piet Strydom one of the true leading theorists in his discipline. Sociological Research On-Line How and why have the closed expert debates of past decades become an open public discourse about nuclear, environmental and biotechnological risks?What can a cultural and institutional analysis reveal about risks and their social construction?Is it possible to develop a new critical theory of the risk society?This book offers an overview and analysis of nuclear, global environmental and biotechnological dangers, threats and hazards in the context of public debates about risk from the 1950s to the present. It considers what impact these risks and debates are having on society, transforming underlying cultural assumptions (for example about nature) but also...
